

Little Juliet

David Hodges

Hold on, little Juliet.
Hold on, little Juliet, hold on.
I'll come, little Juliet.
I'll come, little Juliet, hold on.

I can't imagine while you're waking-
From a dream, the darkness is making you so scared.
Honey, I've been there.
But I know it won't be long-
So baby, hold on.

One day, little Juliet.
One day, little Juliet, you'll see.
So be brave, little Juliet.
Just wait, little Juliet, you'll see.

I know you can't understand-
I know it's hard to trust these hands when you're so scared.
Honey, I've been there.
Please believe it won't be long-
So baby, hold on.

Ooh, ooh.
Ooh, ooh.

No I can hardly fathom-
And my heart cannot imagine.
Why you'd leave me here alone-
Without reason, without hope.
But you say it won't be long-
You say David, hold on.

So hold on, little Juliet.
Hold on, little Juliet, hold on.
I'll come, little Juliet.
I'll run, little Juliet.
Hold on.
