

# Smokey Blue Eyes

David Houston

I was sittin' alone in a bar yesterday  
Just passin' the time when I heard a sweet voice say  
How's about one far the road you and I  
Then I turned and saw an angel with smokey blue eyes  
We talked of the weather and things that we'd done  
We've laughed at each heartache like two kids a having fun  
I was in heaven I won't try to deny  
When I danced with an angel with smokey blue eyes

The jukebox was playing when I heard my heart sing  
For on her third finger I placed my class ring  
Well I'm not pretending oh I'll love her till I die  
As I turned and kissed the angel with smokey blue eyes  
Smokey blue eyes smokey blue eyes I fell so in love with smokey  
blue eyes
