

# Kentucky Girl

David Lee Murphy

Underneath the big blue moon  
Everything looks lonely  
Even that sweet smile upon your face  
Leavin' past tobacco rows  
Down that ole dirt road  
Can't remember when I felt this way

What did you do  
Kentucky girl  
You got me wantin' more  
Than I wanted to  
What did you do  
Kentucky girl

I knew we'd have to say goodbye  
And here we are together  
Takin' one last look before I go  
When I saw those big brown eyes  
My heart said forever  
Never heard it talk like this before

What did you do  
Kentucky girl  
You got me wantin' more  
Than I wanted to  
What did you do  
Kentucky girl

Well if I go away  
And leave you behind  
When I come back someday  
Would you still be mine

What did you do  
Kentucky girl  
You got me wantin' more  
Than I wanted to  
What did you do  
Kentucky girl
