Got Me Gone

David Nail

```
I'm a train
Barreling down the track
No looking back, no brakes
Girl I'm only picking up speed
I'm rain
Falling from a cloud
On the edge of town, no trace
Of a storm I used to be

You got me
Gone
You're turning it on
Oh, showing just enough skin and you got me
Gone
The blue and the blonde
Your pretty lips whispering
Saying everything you wanna do to me
Soon as you get me alone
But you got me
Gone
You got me

I'm a mess
My heart's beating out of my chest
And I'm a wreck
On the dress that you used to have on

You got me
Gone
You're turning it on
Oh, showing just enough skin and you got me
Gone
The blue and the blonde
Your pretty lips whispering
Saying everything you wanna do to me
Soon as you get me alone
But you got me
Gone
You got me
Gone
Yeah, you got me gone

You got me
Gone
You're turning it on
Oh, showing just enough skin and you got me
Gone
The blue and the blonde
Your pretty lips whispering
Saying everything you wanna do to me
Soon as you get me alone
But you got me
Gone
You got me
Gone
Yeah, you got me gone
```
