

Free As We Wanna Be

Dawes

If I cant see the ways they're selling to me
I might miss something that I need
If I don't look up from the mirror in my hands
I'm gonna miss what's on tv

We're as free
As we wanna be
We're as free
As we wanna be

There's proof that they've been following me
But I don't throw 'em off the scent
There's proof now that my life is not my own
Which I've done nothing to prevent

We're as free
As we wanna be
We're as free
As we wanna be

And when the dream becomes a nightmare
When the hardware meets the software
We'll see how ugly this can get
Cause if the basis of our grievance
Doesn't outweigh the convenience
Then they already won the bet

We're as free
As we wanna be
We're as free
As we wanna be
We're as free
As we wanna be
We're as free
As we wanna be
