

# Core Of The Black Sun

## Dawn of Ashes

I announce as the Angel of Lawlessness  
From the Spirit and into the flesh  
As above and so below

Universal  
I ascend around the Chaos Star  
Watchers  
Create me into a God  
Onto physical plains  
I am Belial!  
As my blood thickens with venom  
I absorb with energy of wisdom

I call upon the Watchers of the North!  
Hail! Hail! Hail!  
I call upon the Watchers of the East!  
Hail! Hail! Hail!  
I call upon the Watchers of the South!  
Hail! Hail! Hail!  
I call upon the Watchers of the West!  
Hail! Hail! Hail!

Core of the Black Sun  
Resurrect in body and spirit  
Ritual from the Temple  
To be released and to be obtained

Core of the Black Sun  
Core from the Law of Nature  
Magick from the spiritual world  
In the eye of the storm

I announce as the Angel of Lawlessness  
From the Spirit and into the flesh  
I, Lucifuge with the embodiment of light  
Watching vines growing on the tree of Daath  
In pure gratitude to those who possess my will  
In this spiritual path from infernal onto soil!

I call upon the Watchers of the North!  
Hail! Hail! Hail!  
I call upon the Watchers of the East!  
Hail! Hail! Hail!  
I call upon the Watchers of the South!  
Hail! Hail! Hail!  
I call upon the Watchers of the West!  
Hail! Hail! Hail!

Core of the Black Sun  
Resurrect in body and spirit  
Ritual from the Temple  
To be released and to be obtained

Core of the Black Sun  
Core from the Law of Nature
