

## Ending A Harrowing Wish

Dawn of Ashes

Self termination  
Beating on the flesh again  
Scraping at it to erase the pain  
You got nothing to lose  
God is an overdose  
Picking at the abuse  
Force fed with failures  
You got nothing to lose

Ending a harrowing wish  
A suicidal fall written on your list  
This is the last minute before it ends  
Caressing each memory  
That will never amend  
And you feel so dirty (yeah)  
You ease when you bleed (yeah)  
Now break to your knees

Self termination  
Silencing the decrepit veins  
Fucked by regrets  
You got nothing to lose  
Paralyzed strength  
Welcoming the abuse  
No salvation, only in emptiness
