

Love Dies In Vain

Dawn of Ashes

Every poison kills a smile
Every lover deserves another one
Every face looks so empty
Every rose dies by a tear

Every poison kills a smile
Every lover deserves another one
Every face looks so empty
Every rose dies by a tear

Let love die in vain

Every wish becomes forgotten
Every wound never heals
Every picture remains unspoken
Every suicide is a wish

Every wish becomes forgotten
Every wound never heals
Every picture remains unspoken
Every suicide is a wish
