

Mind Prison

Dawn of Ashes

You left your life in another place
and you're broken
You let others drown
and you're broken
down in the hole
down in the hole
You're beaten and broken
You sold your fucking soul
Turn off the noise
Turn off the noise
Turn off the noise
Turn off the noise
Swallow your sickness
and take off your mask
your reflection is ugly
and you're selfish
down in the hole
down in the hole
You're beaten and broken
You sold your fucking soul
Turn off the noise
Turn off the noise
Turn off the noise
Turn off the noise
