

## Non Serviam

### Dawn of Ashes

Welcome to this shithole  
Crisis born out of ignorance  
Fucking slaves born to worship  
God bless the dogmatic slaves

Fucking corruption stopping evolution  
God bless the dogmatic slaves  
Anti-unity of ignorance  
God bless the dogmatic slaves

Burn this fucking flag and throw it away  
Non serviam!  
Burn this fucking cross and tear it down  
Non serviam!  
Never worship and never be a slave  
Non serviam!  
Never worship and never be a goddamn slave

Born on your knees  
Blinded by the things that we were told  
Sucking on your will to live  
Never follow the march of the herd  
Was taught nothing but bullshit  
By the failures of humanity  
Had to listen to nothing but bullshit  
Listen to the beat of your rebellious heart

Burn this fucking flag and throw it away  
Non serviam!  
Burn this fucking cross and tear it down  
Non serviam!  
Never worship and never be a slave  
Non serviam!  
Never worship and never be a goddamn slave
