Smash Thy Enemies

Dawn of Ashes

Serve the Law and Law will guide thee towards eternal strength
This code of warriors is the predatory instinct
A prognostic of a will that never deceives the law
Rise out of the Underworld to take down the circle of swine

Conquer war with the blood of Mars
Smash thy enemies
Stand tall in Pandemonium
Smash thy enemies
Destroy those that will oppose your path

Hail! The end of the weak man
Blood! Fire! Days of destruction
Malice settling in the eyes
Blackened by hate!
Blackened by annihilation!
Resurrect the ruins of Hell
Resurrect the ruins of Hell

Taste your own fucking blood on my sword, swine!

God of War
God of Fire
God of Mars
Rise! Rise!

God of the Underworld
God of the desert
God of Destruction
Rise! Rise!

Conquer war with the blood of Mars
Smash thy enemies
Stand tall in Pandemonium
Smash thy enemies
Destroy those that will oppose your path
