

## Straight To The Core

Dawn of Ashes

Straight to the core  
Straight into the pit of darkness  
Reaching into the hole  
Reconstruct the believing in yourself  
Reform  
Reform  
Reform  
Reconstruction  
Reform  
Reform  
Reform  
It's now stronger than before  
Straight to the core  
A deep hole through oppressive walls  
Inside the slime of confusion  
Is the lore of the divine  
This book of suffering has a story to be told  
Straight to Hell  
This is where we learn who we will become  
A body consumed by black lava  
Giving us the strength to destroy the frailty of being lost  
Reform  
Reform  
Reform  
Reconstruction  
Reform  
Reform  
Reform  
It's now stronger than before
