## **Torture Device**

## **Dawn of Ashes**

Broken fingers, cut wrists Violence within, embrace the bloody fist so let's hear you scream you're fucking dead

Torture with hate, torture be painful torture device, torture with hate torture be painful, torture device

bruised face, cracked skull
terror released, as your body turns cold
so let's hear you weep,
don't fuck with me

Torture with hate, torture be painful torture device, torture with hate torture be painful, torture device
