

# My Four Walls

Dawn of Destiny

Through a slit in the door I get my food  
Into a small white pot I defecate

Only once a year I take a look outside this room  
But it scares so much so many things that I don't know

There is a glass inside these walls  
Strange moving pictures I see there

No one knows, no one feels the fear  
That I have inside these walls  
I am here and I will stay forever  
'Cause this is the place I love

Only once a year I take a look outside this room  
But it scares so much so many things that I don't know

It imitates me, it makes the same moves at the same time like I  
do  
It might frustrate me, I am not able to do things all on my own  
Sometimes I wish to destroy the glass you're in

But this face inside this glass it is my only friend  
You make my life worth living for

No one knows, no one feels the fear  
That I have inside these walls  
I am here and I will stay forever  
'Cause this is the place I love
