

# Frequency

Dawn Richard

Static when we touch  
So magnetic  
When we lock  
Inside there is a rush  
So hypnotic  
Don't pull the plug

Love don't really make a difference  
Don't be afraid of the distance  
I don't wanna loose the frequency  
I don't wanna let the feeling leave-yea

Ride the wave to hit the limit  
Peak the sound til its piercing  
I don't wanna loose my frequency  
I don't wanna let the feeling leave

Turn me on  
For sonic love  
(turn me on for sonic love)  
I want you to hear  
The way you make me feel  
When you turn me on

Take it high (high ooh)  
Til you get enough  
(til I get enough)  
I can feel it build  
Frequency is real  
When you turn me on

Vibrations set the tone ooh  
Stimulation  
Makes it flow

Your signals found a home  
Send a message  
Make it known  
Wooh ooh ooh

Love don't really make a difference
