

My heart lost it's step
Lost a tube, lots of going you left
Felt my soul compressed
Sitting in the end, stalling my chest
You were flesh to my flesh
Without you I'm a work in progress
I won't feel worthless
If I leave, then it might be the best thing for me
And now I'm making up this bottle they call stress
It ain't cool if I don't know right or left, yeah, uh
In the downside up, losing my breath
Damn, tryna' run to the right is all I have left babe
Chasing all the lights, weather wrong or right
Chasing all the lights, weather wrong or right uh
Weather wrong or right uh

I gotta pay this debt,
I owe you for all the tears that I wept
Feel the cold content
Sending chills all up and down my neck
I'm on the edge of broken
I'm trying hard to stay together, I'm folding
Because I let you in,
Now I'm numb is the name of my new best friend
And I was hooking on a cigarette for peace yeah
And I don't care if I ever come back here again
And I don't give a f*ck if you love me
No, no, I'ma keep running to the right
Chasing all the lights, weather wrong or right,
I'm chasing all the lights, weather wrong or right uh
(I'm chasing)
Weather wrong or right uh
(Yeah, yeah)
Weather wrong or right uh
(Oh, I'm chasing all the lights)
Weather I'm wrong or right
So put on a light show
So put on a light show

I'm chasing,
So put on a light show
I'm chasing yeah
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show
Put on a light show for me, for me
Put on a light show
I'm chasing
I'm chasing

I'm chasing all the lights, weather wrong or right
I'm chasing all the lights, weather wrong or right
Weather wrong or right
Weather wrong or right yeah
Weather wrong or right
Weather wrong or right yeah
Calling all the hearts
Calling all the all
Calling all the hearts
Calling all the all
Calling all the hearts
Calling all the hearts
Calling all the hearts
Calling all the hearts
