

## Physical

Dawn Richard

I'll show you where the lovers go  
Go round and round, get physical  
You look like you need an escape  
So tell me why you're here alone

Let's get physical  
Baby, let's get physical

Let's be careless and vibe, yeah  
Let's get physical  
Baby, let's get physical

Let's be careless and vibe, yeah  
Let's get physical  
Baby, let's get physical  
Let's get physical

What are you afraid of?  
I'm dripping dreams in your cup  
You looking fine, something new  
Love is gonna get you

Let's be careless and vibe, yeah  
Let's get physical  
Baby, let's get physical

Let's be careless and vibe, yeah  
Let's get physical  
Baby, let's get physical  
Baby, let's get physical  
Let's get physical

What are you afraid of?  
What are you afraid of?
