

Runway

Dawn Richard

The way you looking at me, you should make a video
Dress like I'm in a [?] Vogue show
My walk mean, like my name Naomi Campbell
I'm so fresh, you should take a photo
Slim, brown skin, need a short black hair
That's my hair, no horses up there
You say they new Guccis but I had them last year
I'm rockin' everything that you really wanna wear

And you love it how I do it, babe
The way I move it got you goin' crazy
Louis V is looking so amazing
I'm super bad, yeah

I be, I be, I be on the runway
You can catch me on the runway
Jimmy Choo, Louis Vuitton, rockin' all day
You can catch me on the runway

I be, I be, I be on the runway
You can catch me on the runway
Jimmy Choo, Louis Vuitton, rockin' all day
You can catch me on the runway

I be on the run, I, I be on the run
I be on the run, I, I be on the run
I be on the run, I, I be on the run
I be on the run, run, run, run

Dudes be taking pictures like they paparazzi
Oh wait, that's the diamonds that's flashing off of me
They blinding all the chicks that's wishing they were me
I'm sorry [?] there can only be one me
I [?] that's the Pradas that I got off of my fame, yeah
All black everything, black diamond rings
Black Heatherette [?], black R-rock & Re
Don't forget the black Maserati with my kings

And you love it how I do it, babe
The way I move it got you goin' crazy
Louis V is looking so amazing
I'm super bad, yeah

I be, I be, I be on the runway
You can catch me on the runway
Jimmy Choo, Louis Vuitton, rockin' all day
You can catch me on the runway

I be, I be, I be on the runway
You can catch me on the runway
Jimmy Choo, Louis Vuitton, rockin' all day

From my head to my feet, nobody do it like me
I look like the cover of the [?] and bold magazine
Look at my body, look how this dress fits so good on me
I'm walking on these gurus, leaving all of them behind me

I be, I be, I be on the runway
You can catch me on the runway
Jimmy Choo, Louis Vuitton, rockin' all day
You can catch me on the runway (You can catch me)
