

Die Sinner Die

Dayglo Abortions

You have sinned so you must die
Die sinner die
You will bring on the red tide
Die sinner die
Jerry Falwell's god sez that war is good
At least that's what they tell us and christians never lie

You will hang in the park
Die sinner die
God's army will leave it's mark
Die sinner die
We'll burn the fire of communism by lighting you on fire
And then we'll roast jelly beans on the funeral pyre
