Dayglo Abortions

You created your character
But your destiny is ruled by the die of six
You're standing at the edge of churning black water
A tributary of the river Styxx
I am the master of this world
I could have the earth devour you where you stand
You exist for my pleasure
You'll soon wish you never stepped into my dungeon
Clutching hands grab at your legs
They pull you down underground
You draw your sword, recoil in horror
The serpent's venom takes it's toll
I am the master of this world
I'll have my fun with you
One by one your lives are coming to an end
You'll soon wish you never stepped into my dungeon
You're the last alive and you've lost your never
You turn and run you might survive
You need a way to leave this plain
You'll lose your soul if you remain
You see a door no time to lose
Kick it down and run right through
You step into a glowing cavern
Suddenly you hear a voice
I am the master of this world
You're all fools if you think you can escape
You're in this 'till the end
Look around see what you have to fight
