

2nd Chance

Daze

Make up your mind, he wants to know.
Where would you go, if you could get a second chance?
What would you do? A dream come true.
Would you take a second chance?

A second chance to live the perfect life.
There's no regrets, look back and turn out there.
Before you roll the dice, come on, think twice.

Make up your mind, he wants to know.
Where would you go, if you could get a second chance?
What would you do, a dream come true.
Would you take a second chance?

A superstar, is it really what you want to be? (Ok!)
The price is you, your wish is my command.
Be-before you roll the dice, come on, think twice.

Make up your mind, he wants to know.
Where would you go, if you could get a second chance?
What would you do? A dream come true.
Would you take a second chance?
Would you take a second chance?

What would you do with a second chance?
Is this what you want?
What would you do with a second chance?

Make up your mind, he wants to know.
Where would you go, if you could get a second chance?
What would you do? A dream come true.
Would you take a second chance?
Would you take a second chance?
Would you take a second chance?
