

Wrapped in mystery  
A witless waste No sign of dignity  
A misty haze  
Blood-red history  
A deadly fate  
Perverse philosophy  
Justifying hate

Life of agony  
My mind insane  
Nowhere security  
And nowhere shame  
A yearn for harmony  
No silly game  
Spirituality  
Penetrate my brain

Does it help us to pray?  
I never felt that way  
Does life make sense today?  
I never felt that way

Does it help us to pray?...
