

# I Remember Every Single Kiss

Deacon Blue

Forgotten all the names, forgotten all the girls  
Forgotten all the chords, forgotten all the words  
Forgotten all the barbs, forgotten why they hurt  
Forgotten all the guilt, forgotten why it mattered

Summer  
Beaches  
Sunlight  
I remember every single  
Corner  
Side street  
Cold spell  
I remember every single kiss

Forgotten all the verbs, forgotten all the rhymes  
Forgotten every crook, forgotten every crime  
Forgotten every town, forgotten every sign  
Forgotten every hack, forgotten every headline

Winter  
Frozen  
The road home  
I remember every single  
Pavement  
You took me  
Touched me  
I remember every single kiss

Shadows  
Walkway  
The old bridge  
I remember every single  
Garden  
In springtime  
The bird song  
I remember every single kiss
