

Is There No Way Back to You

Deacon Blue

The will to love goes on and on
From the dawn of time till the lights are gone
So how do you carry the sorrow?
How do you know when to let go?

Is there no way back to you
Is there no way back to you
Tell me baby tell me how it feels

You said I lost your heart back then
But it was not mine to break or bend
So how do you carry the sorrow?
How do you know when to let go

Is there no way back to you
Is there no way back to you
Tell me baby tell me how it feels
To lose this love

Tell me baby tell me how it feels
To lose this love
How do you carry this sorrow?
How do you know when to let go?

Is there no way back to you
Is there no way back to you
Tell me baby tell me how it feels
To lose this love
Tell me baby tell me how it feels
To lose this love
This love
