## Ragman

**Deacon Blue** 

Offered her a roof
The rain had made it shine
Offered her a song
Wasn't really mine

I showed her all my things She offered me belongings She thought I was a ragman

She offered me possessions I tied them in a knot Wrapped it in a note Kept it in my pocket

I showed her all my things
She offered me belongings
She thought I was a ragman
I came to her too soon
She should have had a ragdoll
And wound up with a ragman

Wing and kites and wedding rings All these charms I said I'd bring

I showed her all my things
She offered me belongings
She thought I was a ragman
Baby you're a rich man
Lost in a small world
Looking for a ragdoll
Wound up with a ragman
With a ragman
Ragman
