

Rodeo Boy

Deacon Blue

Silver rails
And western tails
Can take you there
But they'll leave you cold
When loves grows old
Changing points
Will spin you west
And leave the darkest hours
That you know best
All gone

The rodeo boy
Is so much heat
And so much noise
Ooh ooh ooh, ooh ooh
The rodeo boy
Is so much heat
And so much noise
It's a different love
You can't get enough
Bigger than us
It's a long time curse
Can make you feel worse
Tonight

Well I'll come clean
Stepped off that bus
And threw my hat
Made me took
Just another cowboy
In the dust

The rodeo boy
Is so much heat
And so much noise
Ooh ooh ooh, ooh ooh
The rodeo boy
Is so much heat
And so much noise
It's a different love
You can't get enough
Bigger than us
It's a long time curse
Can make you feel worse
Follow the trail
Head out tonight
And break out the moonshine
Gonna make it right
Tonight
