I remember the stories they used to tell me,

About how beautiful and powerful she was.

She was a goddess amongst mortal men.

Every slight sound she made was a pure as an angel resting on h er shoulder.

Every whisper she spoke, brought passion and clarity

To all those fortunate enough to hear her voice.

But that is no longer. Those are just stories from the past.

I see the way they treat her now, the way the disrespect and take advantage of her.

They used her for their own personal gain, success and fame.

They tricked her into thinking it was all done for love,

But really, it was done for money.

They say money is the root of all evil, but I know it's people. It's people who have carried out these treacherous crimes again

st ner.

It is people who have tried to suck, and nearly drained the blo od of her soul.

Her name is Music. She was once innocent, perfect.

But now I fear for the worst.

The day they drained her of all her blood, will be the day Musi c dies.
