

## Quintessence Maligned

## Dead Congregation

Mark of suffocation  
The depths antecedent ooze  
Qlippotent omniscience  
Quintessence maligned

Husks discarded lurk  
Neath starless pools  
Cracked molds, the broken shells  
Of Excremental design

Disembodied abolition  
In sands preceding time  
Fossils of abortion  
The slough of autochthon

Smashed fragments  
Menace even in the acknowledgment  
Of their exstence  
Spiny thoughts to pierce

The very membranes they sustain  
The delicate untruth  
Quagmire of pre existence  
Where no separateness lies

Husks discarded lurk  
Neath starless pools  
Cracked molds, the broken shells  
Of Excremental design
