

Blue Christmas

Dead or Alive

Blue Christmas

It's that time of year
Christmas coming on
and waiting for New Year
But I'm on my own
Don't know what I did wrong
But you're not comin' home
For those who live for Christmas time
Like lots of people do
Here's a new kind for you
My blue Christmas
For those who live for Christmas time
Like I used to do
I can't live without you
My blue Christmas
Big surprise
Everyone's got laughter
In their eyes
But I got tears in mine
Everyone
Says I'm better off without you
That the feeling's gone
They're wrong
For those who live for Christmas time
Like lots of people do
Don't know if I'll pull through
My blue Christmas
I used to live for Christmas time
Like lots of people do
I can't live without you
My blue Christmas
I'm waiting by the telephone
That used to come
That you're comin' home
But it never comes, it never comes
Don't know what I did wrong
Summer, winter, spring, and fall
Have come and gone
Without you, without you
My blue Christmas
My blue Christmas
