

# You

Deadsoul Tribe

Can you fill this emptiness inside  
Can you share the secrets that you hide  
Trying to find  
A friend to end my pain  
The faces change  
But the feeling stays the same

You  
I need you  
I need you

I ve walked the longest mile of life alone  
Loneliness is the oldest friend I ve known  
Will an angel fall for me someday  
When I see her spread her wings  
She just keeps on flying

You  
I need you  
I need you

I need a friend I can run to  
Someone to crawl inside  
Someone to share my secret fear  
Someone who hurts as much as I

I can t believe that I can be so blind  
That such a simple thing is so hard to find

You  
I need you  
I need you
