

## Escalation

## Deals Death

Escalation, we all see the signs  
What we cherished redefines  
Nothing to do but await the day  
Fallacies caught up with us  
Soon we will pay

Those who know will disappear  
We're stranded on this bloody scene  
Nothing to do but await the day  
Fallacies caught up with us  
Soon we will pay

The truth is changing color  
Rapid and merciless  
In spite of all our innocence  
Forward to punishment  
Escalation  
Escalation

Eah

The march goes on, faster and faster  
A race against time  
To prepare for disaster  
Nothing to do but await the day  
Fallacies caught up with us  
Soon we will pay

The truth is changing color  
Rapid and merciless  
In spite of all our innocence  
Forward to punishment  
Escalation
