

# Lightning Bug

Dean Brody

Pretty blue eyes and a bottle of shine  
Got a blanket on the roof 'neath a purple sky  
I don't have to go anywhere with you  
We can pop through the window into your bedroom  
Kissing on your lips, baby making you thirst  
Little simmer, little shiver little making you burn, and

Ooh-ooh-ooh-ooh-ooh  
Lightning bug, lightning bug, look at you  
Ooh-ooh-ooh-ooh-ooh  
Look at you lighting up, lighting up my midnight  
Sky, all I wanna do is make you float  
Light your little tail, baby make you glow inside

You can tell me what you need, baby we got time  
We can stay out on the edge, maybe lose our minds  
Cradle your head in the palm of my hands  
Time you just right, waiting for your light  
To shine on me baby, it's a beautiful thing  
Little simmer, little shiver, little making you sing, and

Ooh-ooh-ooh-ooh-ooh  
Lightning bug, lightning bug, look at you  
Ooh-ooh-ooh-ooh-ooh  
Look at you lighting up, lighting up my midnight  
Sky, all I wanna do is make you float  
Light your little tail, baby make you glow inside

Ooh-ooh-ooh-ooh-ooh  
Ooh-ooh-ooh-ooh-ooh

Life can get you down  
It can drown your spark  
But I'm here tonight, right here tonight  
Girl, let me warm your heart  
And light up your dark  
Let me take you there, baby

Lighting bug, lightning bug, look at you

Ooh-ooh-ooh-ooh-ooh  
Lightning bug, lightning bug, look at you  
Ooh-ooh-ooh-ooh-ooh  
Look at you lighting up, lighting up my midnight  
Sky, all I wanna do is make you float  
Light your little tail, baby make you glow inside  
Lightning bug, lightning bug, look at you

Ooh-ooh-ooh-ooh-ooh  
Lightning bug, lightning bug, look at you  
Ooh-ooh-ooh-ooh-ooh  
Oh, look at you lighting up, lighting up my midnight  
Sky, all I wanna do is make ya float  
Light your little tail, baby make you glow inside  
Lightning bug, lightning bug, look at you
