

Little Yellow Blanket

Dean Brody

Hoppers on a dirt road, pollen in the air
Farmers in the orchard ,on ladders pickin' pears
Me and you drivin' Grandma's Cadillac
Gonna have a picnic on a yellow blanket in the meadow out back

[Chorus]

Honey bees, a little lady bug
Squirrel behind a tree hangin' out with us
Gonna drink your sweet tea and a little cherry pie
On a little yellow blanket just you and I

Baby let me hold you, underneath a tree
We can sing some medley, strum a couple strings
You can have a dip, from my new skoal can
Chase you through the holler down into the creek where we can t
ake a bath

[Chorus]

Honey bees a little lady bug
Squirrel behind a tree hangin' out with us
Gonna drink your sweet tea and a little cherry pie
On a little yellow blanket just you and I

So many things the two of us could do
With that little yellow blanket if we wanted to

[Chorus]

Honey bees a little lady bug
Squirrel behind a tree hangin' out with us
Gonna drink a sweet tea and a little cherry pie
On a little yellow blanket just you and I
On a little yellow blanket just you and I
