

Sand In My Soul

Dean Brody

Something 'bout the ocean that makes me smile
Makes me wanna stop and stay a while
Just give me a little beach that goes for miles and miles
I got sand in my soul

I love the mountains I love the plains
Lights of the cities and the open range
But after a while I've had all I can take
I got sand in my soul

It makes me happy
It makes me happy
You know I'm happy when I got
Sand between my sheets
Sand between my toes
Give me a home where the seabreezes blow
I got sand in my soul

I dream of the day when I cash it all in
And open an umbrella chair and a stand
Work on my tan with a drink in my hand
I got sand in my soul

It makes me happy
It makes me happy
You know I'm happy when I got
Sand between my sheets
Sand between my toes
It ain't right or wrong it's just where I belong
I got sand in my soul

Hey hey hey hey hey hey
Hoh hoh hoh hoh hoh hoh

Someday I'll find her she'll be just like me
We'll share salty kisses hang out by the sea
We'll roll with the surf and climb coconut trees
I got sand in my soul

We'll be happy
We'll be happy
We'll be happy when we got
Sand between our sheets
Sand between our toes
She'll tell everyone she loves because
I got sand in my soul

Give me a home where the seabreezes blow
I got sand in my soul
