

# She Comes In Waves

Dean Geyer

She'll dive into anything  
She's got the golden ring  
She's got the moon in her hair

To touch her is permanent  
Salt on her satin skin  
It's all okay when she's there

I don't want to  
But I have to  
Leave it all up in the air

When she comes in waves  
And then slips away  
And I wish she'd stay  
But you can't always get what you want  
And she comes in waves  
Here she comes

She's pretty when she smiles  
And it goes on for miles  
Finds me wherever I am

Then I wake up alone  
Like a bird that has flown  
Into something I don't understand

Check the rear-view mirror  
Watch it all wash away once again

When she comes in waves  
And then slips away  
And I wish she'd stay  
But you can't always get what you want  
And she comes in waves

Don't know what I'm doing  
It's pushing and pulling me underneath  
It's hard to breathe

And I know that tonight  
I'll be thinking it might  
Be the last time that she leaves

She's here when she's here, then she's gone

When she comes in waves  
And then slips away  
And I wish she'd stay  
But you can't always get what you want  
And she comes in waves  
Here she comes  
Here she comes  
She comes in waves
