

# School Shooter

## Debauchery

I'm an outcast  
I'm living on the edge  
I live on the torture rack  
Now's time for a payback  
I'm a loner  
I live alone in pain  
I'm no part of life and society  
With no friends and no family  
9 o'clock in the morning  
This day ain't gonna be boring  
I'm ready to fuckin' kill  
And I'll fire at will  
I live in motherfucking hell  
I take 200 rounds and 20 shotgun shells  
I shoot the first idiot in the head  
Damn I miss my god mode  
Killing in the first floor classroom  
It's even better than doom  
Some shots go wide  
Hitting a school girl in the hide  
I hate your society  
I'm back from the virtual reality  
With real guns  
And perfect killing ability

Kneel before me, that's my last day  
I am number one, and you're my prey  
I am the psychopath I'm Mr.Evil  
Die motherfucker  
I'm the devil's dick sucker  
I'm a school shooter

2 guns thanks to my father  
Now school teacher "die harder"  
I'll come to school with a loaded gun  
Shoot some idiots in the head  
Before I myself am gone  
Kill shot, cranium breaks apart  
Bone fragments hitting the wall  
A bitch is screaming, no remorse  
She sounds like a dying horse  
Today I am king, I am the winner  
I am vengeance and you're the sinner

Kneel before me, that's my last day  
I am number one, and you're my prey  
I am the psychopath I'm Mr.Evil  
Die motherfucker  
I'm the devil's dick sucker  
I'm a school shooter

Today I am king, I am the winner  
I am vengeance and you're the sinner  
Kneel before me, that's my last day  
I am number one, and you're my prey  
You have no idea of the pain in my head  
I'm not born evil, i'm bred

Kill shot ends my life  
I'm still alone, with no family and no wife!  
I will shoot you all!!!  
I will kill you all!!!  
I'm the motherfucking schoolshooter!!!
