Storm Of Iron

Debauchery

Coming to get you With the chainsaw Bowels churning Intestines burning

All guns blazing
Innocents screaming
Assault cannon roaring
Thunder hammer falling

Demon hordes on the march Frenzy, ready to charge The wounded ready for the slaughter Now is the time to murder

Jagged, disease-ridden claws Time to kill you all Butchery motherfucker Time to kill you sucker

Storm Of Iron
Whirlwind of doom
Storm of steel
Death Metal what you feel
