

The Last Crusade

Debauchery

(The alliance of dragons and Christians conquering Jerusalem)

War - into the killing zone - we are crusaders

Marching on
'Til the war is won
We are ruthless
Killing the faithless
Burning their temples
Monuments to false gods
Burning in black flames
Conquering Jerusalem

We are fighting in a war of faith
We are marchin' on the last crusade

War - into the killing zone - we are crusaders

Stampede
Over holy ground
We succeed
Honour-bound
Knights of a new age
Knights of the blood-rage
Burning the deceivers

Killing the unbelievers
