

# Ode To A Would Be Lover

Debbie Gibson

Lay your head down by my side  
Look that way just one more time  
And promise me... nothing  
I know time isn't ours to keep  
But that doesn't mean I can't watch you sleep  
Listen to the strength of silence

There's a sweet sensibility  
And darling that is enough for me  
I know you are taken  
But, do I get to you just a little bit  
I know I'm as close as I'm gonna get  
And though my heart is close to breaking

Oh if you're any kind of man at all  
You know the woman I am  
So darling don't be afraid I won't break plans you've made  
I will be just a friend

Flowers grow in the month of May  
And they brighten my every day  
You're here for me now and I'm laughing  
And though I crave your soulful kiss  
I can deal with it as it is  
Two tall ships passing

I don't doubt for a moments time  
The heart's not a mirror of the mind  
But think it through anyway  
And if you wake up a lonely child  
And want to escape for a little while  
Come to me and we'll dance out in the rain  
Friend or lover we can dance out in the rain

If I said I'm in love with you  
Tell me what then would you do?
