

Higher

Deborah Cox

You got that fire
You're giving me desire
You making me want you
I want you, baby

You're the one home
And you're the one I see
You're making me go higher, higher
I want you, baby

I got my faith in you
I don't know how you do
I don't know what you think
Just take me higher, higher

I wonder why I'm into you
I don't know how you do
Think I'm in love with you
Just take me higher, higher

When the sun goes down
And there's no one around
I'm thinking of you
I want you, baby

I give myself away
And you're the one to blame
Damn, you got me higher, higher
I want you, baby

I got my faith in you
I don't know how you do
I don't know what you think
Just take me higher, higher

I wonder why I'm into you
I don't know how you do
Think I'm in love with you
Just take me higher, higher

I got my faith
I got my faith

I got my faith in you
I don't know what you think
Just take me higher, higher

Higher, higher
Higher, higher
Higher

Just take me higher, higher
