

Kinda Miss You

Deborah Cox

You lied but I know the truth
But still I gave it to you
When I know I shouldn't stay with you
That's something that emotions will do

Oh I convinced myself I was through
I even got someone new
Some nights I feel I want you still
Emotions got me feeling confused

I, I, I, I kinda miss but I don't know why
Cause being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why

I, I, I, I kinda miss but I don't know why
Cause being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why

I'm so addicted to you
I ain't afraid of the truth
Cause somehow I am the with you
That's something that emotions will do
Ooh-ooh-ooh

It's a fact now that we moved on
Got another but you're still the one
I think about the lonely night
I guess that's what emotions will do

I, I, I, I kinda miss but I don't know why
Cause being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why

I, I, I, I kinda miss but I don't know why
Cause being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why

Woah. Hey, hey
Woah. Hey, hey
Woah. Hey, hey
Woah. Hey, hey
Woah. Hey

It's a fact now that we moved on
Got another but you're still the one
I think about the lonely night
I guess that's what emotions will do

I, I, I, I kinda miss but I don't know why

Cause being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why

I, I, I, I kinda miss but I don't know why
Cause being with you was like do-or-die
I can't let you go
You're stuck to my soul
Oh tell me why
