

# I'll Breathe for You

Decyfer Down

Ten thousand miles from home,  
And still I know that you are right here with me,  
They say,  
I must deny the truth, if I want to live  
But I won't turn from you

Until I live my final day,  
I'll speak your name  
I won't be afraid,  
Until I draw my final breath,  
I'll breathe for you,  
I'll breathe for you

I know, you have called me here,  
But I can bear the fear, rising in me  
You give me strength,  
To stand when I'm alone,  
When I'm far away from all I've ever known,  
I'm following you

Until I live my final day,  
I'll speak your name  
I won't be afraid,  
Until I draw my final breath,  
I'll breathe for you,  
I'll breathe for you

I'll breathe for you

Until I live my final day,  
I'll speak your name  
I won't be afraid,  
Until I draw my final breath,  
I'll breathe for you,  
I'll breathe for you  
(2x)

I  
I  
I'll breathe for you
