

# Wasting Away

Decyfer Down

Every time I try to fight you  
I always end up right beside you  
Stuck in my ways  
It's not too late(Not too late)  
All the waves crash around me  
Like all the little notes you left me  
I'm not too late  
Not too late

I'm not alone  
But feeling cold  
With all the pressure  
Burning inside me

I'm wasting away  
And it's all I can take  
I'm ready to change  
I'm not gonna break  
I'm wasting away  
And it's never too late  
I'm wasting away  
And I'm not gonna break

Tired of waking up without you  
Every single day reminds me  
It's not too late  
It's not too late  
I finally see what's right behind me  
The shadows that are there to haunt me  
Just fade away  
It's not too late(Not too late)

I'm not alone  
But feeling cold  
With all the pressure  
Burning inside me

I'm wasting away  
And it's all I can take  
I'm ready to change  
I'm not gonna break  
I'm wasting away  
And it's never too late  
I'm wasting away  
And I'm not gonna break

I'm wasting away  
And it's all I can take  
I'm ready to change  
I'm not gonna break  
I'm wasting away  
And it's never too late  
I'm wasting away  
And I'm not gonna break

I'm wasting away  
And it's all I can take

I'm wasting away  
I'm not gonna break  
I'm wasting away  
And it's never too late  
I'm wasting away  
And I'm not gonna break
