

# Runaway

Dee Dee Ramone

I can't be where I am  
I gotta get away  
Somehow as far  
As I can from here

Somehow it's very clear now  
I get bored very easily  
Maybe somewhere else  
Everyone would be more friendly

And I just wanna get away  
From everything I know  
Runaway runaway runaway  
As far as I can go  
Runaway runaway runaway  
Away from everything

Sneaking through the mall  
That's what it comes down to  
No one's around in the morning  
I can't help feeling so blue

Walking home down the sidewalk  
I really know what it's like to be alone now  
But my heart starts speeding up  
As my friends drive by in their car

And I just wanna get away  
From everything I know  
Runaway runaway runaway  
As far as I can go  
Runaway runaway runaway  
Away from everything

And I just wanna get away  
From everything I know  
Runaway runaway runaway  
As far as I can go  
Runaway runaway runaway  
Away from everything
