

Running Mazes

Dee Snider

Running mazes, running mazes
Running mazes, running mazes
In my mind
Running mazes, running mazes
Running mazes, running mazes
I can't hide

Running mazes, running mazes, running mazes
In my mind
Running mazes, running mazes, running mazes
I can't hide

Death comes at us swiftly
I am still I feel his breath
Some will heed the call to him
Not today I still have fighting left

Not today, not today
Look into the eyes of death and say
Not today, not today
I've still got fighting left

Running mazes, running mazes, running mazes
In my mind
Running mazes, running mazes, running mazes
I can't hide

Life can leave us empty
Kick us down and push us out
When we fight back forcefully

There can be no shadow of a doubt

Not today, not today
Look into the eyes of death and say
Not today, not today
I've still got fighting left

Turn the corner in the maze
Faced with death what would you say
See the scythe dodge the blade
I must live another day
Through the maze I've kept my faith
Can't let you take this away
One more chance I'll have my say
I still have the fight in me

Running mazes, running mazes
Running mazes, running mazes
In my mind
Running mazes, running mazes
Running mazes, running mazes
I can't hide

Running mazes, running mazes, running mazes
In my mind
Running mazes, running mazes, running mazes

I won't hide
