

There's That Grin

Deerhoof

There's that grin,
Don't make me fall in love with you, again.
There's that grin,
Don't make me fall in love with you, again.
There's that grin,
Don't make me fall in love with you, again.
There's that grin,
Don't make me fall in love with you, again.

There's that grin,
Don't make me fall in love with you, again.

Not all at once, not all at once, not all at once, not
all at once.
Not all at once, not all at once, not all at once, not
all at once.
Not all at once.

Not all at once, not all at once, not all at once, not
all at once.
Not all at once, not all at once, not all at once, not
all at once.
Not all at once.
