Too Late For Love

Def Leppard

Somewhere in the distance I hear the bells ring
Darkness settles on the town as the children start to sing
The lady 'cross the street she shuts out the night
There's a cast of thousands waiting as she turns out the light

But it's too late, too late, too late Too late for love Yes it's too late too late, too late Too late for love

London boys are staring as the girls go hand in hand With a pocket full of innocence, their entrance is grand And the Queen of the dream stands before them all She stretches out her hand as the curtains start to fall

Standing by the trapdoor aware of me and you
Are the actor and the clown their waiting for their cue
And there's a lady over there she's acting pretty cool
But when it comes to playing life she's always playin' the fool
