

# Get Out of This Alive

Default

You're guilty  
I see you looking at me, do you wanna see the after show  
And I'm dying to get inside of you  
If I only knew where this would go

My head is screaming  
Hate! Shame!  
God hope I get out of this alive  
I, pray God help me get out of this

I'm guilty  
I blame the shield of dreams the fool you'd think I get away  
And your tired I bet you never  
Thought the land that you bought would end this way

My head is screaming  
Hate! Shame!  
God hope I get out of this alive  
Lost! Crave!  
God, hope I get out of this alive  
Fault! Blame!

God, hope I get out of this alive  
I, pray  
God, help me get out of this

Hate! Shame!  
God hope I get out of this alive  
Lost! Crave!  
God, hope I get out of this alive  
Fault! Blame!

God, hope I get out of this alive  
I, pray  
God, help me get out of this
