Default

Please don't talk about it just leave it alone  
What you need is too much for me you can't squeeze blood from s  
tone but there you go

I can't win with or without you I don't know why, I don't know  
why  
I can't win with or without you but still I tried, still I trie  
d

What were you before me how was I to know  
When you take you always break  
And I wont give no more  
So there you go

I can't win with or without you  
I don't know why, I don't know why  
I can't win with or without you but still I tried, still I trie  
d

Maybe I'm wrong, maybe I'm way out of line. I lie to myself all  
the time. I should have been gone, so long  
Ago. would anyone else have known.

I can't win with or without you  
I don't know why, I don't know why  
I can't win with or without you but still I tried, still I

I can't win with or without you don't know why, I don't know w  
hy  
I can't win with or without you but still I tried, still I trie
