

## Movin' On

Default

To take not give your only way  
You used up all I have each day  
Whispers of where your head has laid  
It's hard to ignore all the things that they say

The last time I give in  
The next time I'm leaving  
Sharin' trust wore thin  
I'm movin' on

Each time you say you'll be home late  
I pray to God that you'll behave  
I miss the love that you've misplaced  
My love not something to be played with

The last time I give in  
The next time I'm leaving  
Sharin' trust wore thin  
I'm movin' on  
You pushed me off  
You pushed me off your secrets out  
Don't pick me up  
Don't pick me up  
I'll climb out

The last time I give in  
The next time I'm leaving  
Sharin' trust wore thin  
I'm movin' on
